

## Overview & Skill Sets

Kforce Global Solutions, Inc. has been providing full life cycle services for technology projects since 1996. As a wholly owned subsidiary of Kforce Inc., we specialize in:

- **Application & Web Development, Maintenance, and Management**
- **Legacy System Support and Migration**
- **Infrastructure Upgrades and Support**
- **Quality Assurance**
- **Database Management and Migration**
- **Business Process Management and Development**

Services typically focus on the following technologies:

- **Java™** (Java, Hibernate™, Spring™, Struts™)
- **Microsoft® Technologies** (.NET, SharePoint™, SQL, ASP.net)
- **PEGA™**
- **Legacy Technologies** (MF/DEC VMS™ – DBs, Languages, Utilities, Diagnostic)
- **Software Infrastructure** (Operating Systems, Email/messaging, Oracle™, Sybase™, SQL)
- **Web** (WEB 2.0, Flex™)
- **QA Tools** (HP Quality Center™, Rational Robot™, QTP™)

## Delivery

Our delivery model is built around leveraging iterative methodologies and well-defined waterfall development lifecycles (SDLCs), depending on specific engagement requirements and existing client processes. Delivery locations typically include a combination of resources deployed:

- **Offshore in our Philippine offices**
- **Offshore in Client office or project site**
- **Onshore in Client office or project site**

Our Philippine facilities run 24/7, allowing us to operate on a 24 hour cycle that is synchronized with the client's standard work day, regardless of geographic location. This is particularly helpful for QA test and retest cycles. We also leverage a blanket L1 visa program allowing temporary relocation (up to three years) of Manila experts to onshore project efforts.

## Flexibility

Kforce Global Solutions provides multiple contracting options which can be tailored to meet specific client needs, including:

- **Deliverables Based** (Project/Defined Statement of Work)
- **Capacity Based** (defined headcount or range of headcount, with defined skills/experience)
- **Time and Materials**
- **Service Level Agreement (SLA) Based**
- **Fixed Price contract**
- **Hybrids**

We also stand ready to assist with offshore staff augmentation services at considerable savings relative to the same resources onshore. Contact us today at [globalsolutionsbd@kforce.com](mailto:globalsolutionsbd@kforce.com) to learn more!!

## INDUSTRIES SERVED

- Financial Services
- Insurance
- Healthcare
- IT Products/Services
- Manufacturing
- Pharmaceutical

## KFORCE GLOBAL SOLUTIONS CAPABILITIES

- Application Development and Support
- Legacy Application Support
- Web Development
- Infrastructure Support and Service Desk
- Business Process Management
- Quality Assurance
- Staff Augmentation
